Artist's Oil Paint

Dala Artist's Oil Paint has a rich, buttery consistency that is attributed to its composite of quality ingredients and pigments, as well being triple milled. It has a high pigment loading, great archival properties and a 'tried and tested' light-fastness.

Use in conjunction with the many Dala Artist's Oil Mediums for interesting paint alterations and effects.

Impasto Painting by Ana Marie Edulescu

OIL MEDIUMS

Various Oil Mediums

Marble Dust

Use Dala's **NEW** fine grain Marble Dust as an additive to oil or acrylic paint. Improves body and decreases flow.

NEW - Marble Dust Oil and Acrylic Medium

Artist's Impasto Medium

Artist's Impasto Medium is a relief agent used for exaggerating textures and colours on a surface. It is a matt, quick-drying medium that adds texture and body to paint, while extending paint colour. It is also yellow resistant. Suited to working with Artist's oil colour, this medium can also be used successfully in conjunction with acrylic colour. Artist's Impasto Medium will also help to accelerate the paints drying time (touch-dry in 1-6 days) though this is dependent on colour of the paint, the thickness applied and weather conditions.

Please note: it is not suitable as a top coat or varnish

Artist's Linseed Oil

Artist's Linseed Oil is a diluent for Artist's oil colour. It is a thin carrier oil used to alter the paint's consistency. It enhances the paints transparency, flow and gloss while slowing down the drying time.

Artist's Oil Painting Medium

Artist's Oil Painting Medium is a drying medium for Artist's oil colour. It increases gloss and transparency, while accelerating drying time.

Artist's Stand Oil

Artists' Stand Oil is a clear, thick carrier oil for artist's oil colour. It is a thicker version of Artist's Linseed Oil that improves gloss and enhances the paints colour intensity, producing an enamel like finish that is yellow resistant. It also enhances flexibility and encourages levelling on a painted surface while slowing down drying time. Can be diluted with Artist's Turpentine to increase the flow of the paint.

Artist's Gum Turpentine

Artist's Turpentine is a diluent for Artist's oil colour. It allows for the alteration of the paint's consistency as well as reducing the paints gloss and accelerates drying time. Can be useful in diluting other oil painting mediums as well as cleaning brushes.

757 - Synthetic Bristle

White Spirit

White Spirit is a petroleum based diluent for Artist's oil colour. White Spirit is used as a paint thinner and it improves the transparency and fluidity of the paint. It also accelerates drying time and is very useful in the removal of oil based colour from surfaces, as well as brushes.

Also available in a low odour variant.

Art Masking Fluid

Artist's Masking Fluid is an off white, flexible gum solution and colour block medium for oil, acrylic and watercolour. The colour blocking technique is used to achieve contrast and lighting effects within artworks.

Art Masking Fluid will darken slightly when dry, and can be removed from surfaces easily by using an eraser.

Artist's Clear Varnish

Artist's Clear Varnish is a protective coat for Artist's oil and acrylic colour. It provides UV protection as well as enhancing the appearance / gloss of the colour medium. May be removed with turpentine, even when fully dried.

Flow Acrylic Paint

Flow Acrylic is a liquid, pouring acrylic that dries to a satin sheen. Available in intense colours, this paint is formulated for use in conjunction with Dala's Flow Acrylic Medium.

Flow Acrylic Medium

Dala's Flow Acrylic Medium is a white, liquid diluent and binder formulated for use with Dala's Flow Acrylic paint. The addition of this medium allows for the creation of stunning poured acrylic artworks, as well as splash effects and drip and drizzle art.

Canvas Primer

Canvas Primer is a creamy, white medium with a high latex content and a lot of "tooth". Used to coat canvases before applying paint, improving the paint's adhesive properties.

Gesso Primer

Gesso Primer is a creamy, high end primer used to coat canvases before applying paint, improving the paint's adhesion to the surface. Suitable for both acrylic and oil paint applications. Now also available in black and clear.

Gloss Glaze Medium

Acrylic Gloss Glaze Medium is an off-white, pure acrylic medium that can be added to acrylic paint to enhance the glossy sheen of the paint, as well as improve the colour brilliance. It also increases the paint's depth and transparency.

Matt Glaze Medium

Acrylic Matt Glaze Medium is a pure acrylic medium that can be added to acrylic paint to reduce the glossy sheen of the paint, and can also be painted on as a last protective layer.

Gel Medium

Gel Medium is a creamy, white paint additive that dries to a transparent finish. Gel Medium is a very versatile product lending itself to many art and craft applications. Can be used to create texture paste, used as a podge or a paint thickener and much more.

Acrylic Retarder

Acrylic Retarder is a clear, liquid medium that is used to slow down the drying time of acrylic paint. Added straight to the paint it can be used to mix colours on the canvas surface, as well as used to create smooth blending effects.

GOUACHE & watercolours

Gouache

Dala Gouache is a high opacity form of watercolours that has an even flow and dries to a matt finish. Used by artists, illustrators and designers. Available in solid, vibrant colours. Shake tube well before use.

INTRODUCING Dala's NEW Archival Canvas

Gallery quality, fade-resistant, triple primed (for oils or acrylic), Swedish Pine splined canvas now in stock.

Each canvas is made using 100% pure cotton stretched over a triple reinforced Swedish Pine frame.

Swedish Pine is a fine-textured medium-hard wood with good strength.

Archival Artist Canvas

Archival Artist Canvas

- 380gsm
- 100% Pure Cotton
- Swedish Pine
- Splined Gallery Profile

Triple Primed for Oil & Acrylic

Splined Canvas

Splined canvas, also called gallery wrapped canvas, differs from traditional side-stapled canvases in that the edges of the splined canvas are smooth and staple-free, allowing painters to paint the edges into the artwork and to hang artworks without the need of framing them.

The canvas material itself is triple enforced, with smooth edges held in place by two wooden frames with a layer of rubber inbetween them.

CANVAS SELECTION

Canvas Selection

Dala has an extensive range of canvas options. All our canvases are pre-primed and suitable for watercolour, oil and acrylic.

Archival Canvas - Square & Rectangular

Craft Chalk Furniture Paint

Create vintage, shabby chic and distressed effects on almost any surface with our decorative chalk paint range. Just paint straight onto wood, metal, ceramic, brick, concrete, walls, wooden floors, (most) plastics, basketry and weaving. Check out our colour variants in this range. For best results the paint should be finished using a Dala Varnish, especially those pieces that will remain outside. Use in conjunction with our natural clear or antique dark Furniture Wax Finish.

Furniture Wax Finish

Clear Natural or Antique Dark, specially formulated to work in conjunction with Dala's "Craft Chalk Paint" colour range.

Provides a hard, matte, water-resistant finish to the painted object and when buffed it enhances the paint's colour.

Fabric Liners

Professional quality liners in easy application pen. Available in standard, metallic and glitter varieties. May be used on both light and dark fabrics.

Glass Liners

For decorating glass and similar surfaced pieces that require detailed lines. Use in conjunction with our glass stains to create elegant glass artworks. Available in neutrals and pretty metallic shades.

Ceramic Liners

Create innovative designs on glass, porcelain or enamel and oven bake to harden.

Use in conjunction with our "Ceramics@Home" colour range.

Glitter Paper Liner

Ever popular glitter pens available in 8 classic colours. For use on paper, card, polystyrene and plastic. Our glitter glue is also available as a 125ml super size variant in 5 classic shades.

Glass Glaze (water-based)

Glass Glaze is a water-based glass paint that is ideal for use on glass, ceramics and other transparent materials such as acetate.

Glass Stain (solvent-based)

Glass Stain is a solvent-based transparent glass paint that is ideal for use on glass and similar surfaced items. This product is self-levelling and best suited to working on flat surfaces. For best results use in conjunction with Dala's Glass Liners.

Ceramics@Home

Ceramics@Home is a range of decorative paint for use on home ceramics items. Easy to apply and oven bake to finish.

Artmount Spray Adhesive

Clear spray adhesive that bonds light-weight materials instantly. Provides a permanent or temporary bond. Ideal for paper projects, and artwork / photograph mounting such as collage and story boarding.

Craft Glue

Liquid, white glue with excellent adhesive properties, perfect for all art and craft projects. Acid free.

Also available in a 30ml pen.

Construction Glue

Heavy-duty, white, liquid art and craft adhesive that is suitable for most surfaces.

Fabric Glue

Liquid, white glue that is a flexible "no sew" solution for fabrics. Bonds permanently. Use it to embellish fabric pieces. Also available in a 30ml pen.

Glue Sticks

Suitable for paper and card stock adhesion. Available in two sizes.

Jewelbond

Liquid, white glue that is a flexible embellishing glue. Perfect for sticking rhinestones /adornments onto fabric

Also available in a 30ml pen.

Memory Mount

Liquid, clear glue that is perfect for scrapbooking projects and photo albums.

Also available in a 30ml pen.

Styrofoam Glue

Excellent transparent, liquid glue for bonding plastic items. Sticks materials without deterioration. Sets hard and clear.

Deco Varnish

Water-based varnish that is available in a 'Dead Flat' or a 'High Gloss' variant for sealing your decoupage projects.

Polyurethane Hard Varnish

The ultimate hard, high sheen water-based varnish for sealing your decoupage projects.

Heat Resistant Varnish

This is the perfect varnish for surfaces that need to withstand heat. Great for trays, pot stands, coasters and table tops.

Picture Perfect

An easy to use image transfer medium. Simply work from a print - out and create personalised designs on t-shirts, canvases, tote bags and more!

Podge

The number one, all-in-one glue, varnish and sealant for your various art and craft projects.

Transfer Glaze

Transform paper images into a flexible plastic transfers for use in mixed media projects.

Gold Leaf

Dala's Gold Leaf range includes composite metal leaf sheets that are extremely thin and lightweight. Used for the gilding of picture frames, adding an antique look to crockery, pottery, jewellery, bric-a-brac and more! Use in conjunction with Dala's Gold Leaf Size, and apply a protective coat of Dala's Gold Leaf Varnish.

Gold Leaf Size

Pressure sensitive, water-based adhesive for use with Gold Leaf sheets.

Gold Leaf Varnish

Solvent-based varnish used as a top coat to seal and protect Gold Leafed items.

FUN FOAM

What is Fun Foam?

Fun Foam is a wet and lightweight styrofoam sculpting product that air dries to a hard finish. It requires "charging" for best results. Mix and knead the fun foam for a few minutes before sculpting.

Teddy Fun Foam Canvas Kits

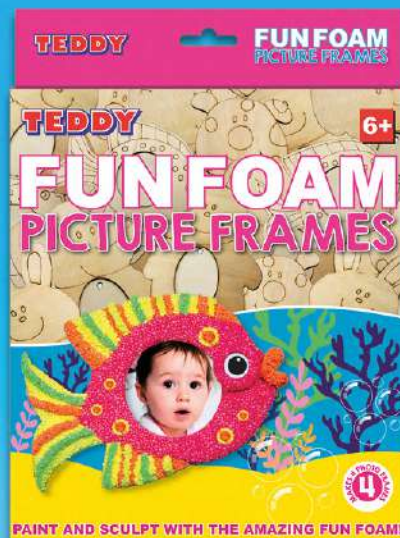

Sculpt and paint illustrated canvases with the amazing Teddy Fun Foam to create interesting textures and colours.

Complete creative kits inclusive of 5 fun foam colours, 2 illustrated canvases, 1 x spatula and googley eyes. Check out our **NEW** Neon Fun Foam Frame kit which includes neon Fun Foam colours and 4 wooden animal shaped photo frames to decorate!

CREATIVE PAINTING KITS

Creative Painting Kits

Transform plain illustrated canvases into works of art. Each kit contains paints, 2 - 5 illustrated canvases, a well palette and brushes. These kits make perfect gifts.

Classic Character Canvas Kits

Colour mixing is made easy and fun with Teddy's classic character painting kits. Paint portraits of your favourite nostalgic comic book and t.v show characters by following the easy colour mixing instructions on the pack.

All character canvas kits include 2 x illustrated canvas panels; 6 x 30ml paints; 1 x well palette; 2 x paintbrushes and 1 x glitter glue pen*

*Glitter Glue pen only included in the Tweety and Lola painting kits.

Teddy 4 and 6 Tub Paint Packs

Teddy's popular paint varieties are also available in convenient packs of 4. These paint sets are inclusive of red, yellow, blue and green allowing you to mix your own shades.

Choose from Powder Paint; Finger Paint; Poster Paint, and Fabric Paint kit. **NEW** 6 x 100ml packs available.
